Revive

To a **better tomorrow**

PGM College

Located in the vibrant, and lush green palms of Kottayam, PGM College of Arts and Science, Kangazha, made a beginning in the year 2005 as a self-financed educational institution affiliated to MG University Kottayam. Through a rich academic orientation with the course work, events, internships, placements and community services over the years, PGM college has emerged as a symbol of academic excellence and undergone several progressive changes to become one of the premier institutions of higher education in central Kerala.

Focusing on constant growth, we attained greater milestones with the introduction of various PG programs along with the UG programs, following an innovative and modern curriculum, persistence in academic discipline, and imparting Holistic Education to prosper and emerge successfully in an ever-changing competitive world.

Reform

through the **best expertise**

Explore the campus life at PGM college

The college campus with its whopping green gardens, sun-lit corners, and shaded walkways that spread across around 6 acres of a picturesque landscape with a warm, vibrant and serene atmosphere facilitate a conducive environment for learning and creativity. The strategically located college has spacious classrooms, a well-stocked library, spacious open-stage, clubs, cafeteria, sports courts, and labs where students are provided with innumerable opportunities to explore and enhance their creativity and skills. PGM Campus stands as the preferred destination for students who aspire to grow, learn and reach new heights.

VISION

To become a globally renowned institution that transforms the students into competent professionals and entrepreneurs with a high degree of social commitments.

MISSION

To impart systematic, Outcome-Based Quality Education conducive for comprehensive learning and overall development.

To offer research and value-added skill development programs based on talent and competency of the students in order to meet the corporate and societal requirements.

To build strong, ethical, sustainable and green principles in order to groom the students holistically.

Reflect big dreams

We, the PGM college, focuses on providing access to a wide range of Add on programmes and Value add courses, sports activities, cultural programmes to ensure a competitive academic atmosphere and a positive environment to the students throughout the day with the support of well-experienced faculties and fellow students.
